EDESIGN · 2026–2027 SCHOOL YEAR

# SYSTEM REQUIREMENTS

What your computers, browser and school network need to run eDesign, the Yearbook Order Center and related Varsity Yearbook tools in the 2026–2027 school year.

## OVERVIEW

eDesign runs in a web browser, so there is nothing to install. Check each item on every staff computer. Share section 04 with your IT team.

| | | |
|---|---|---|
| 1 | **Operating system:** Windows, macOS or ChromeOS (latest two versions). | |
| 2 | **Browser:** Google Chrome, two most recent versions. | |
| 3 | **Hardware:** 8 GB of RAM and a 1200 × 800 screen. | |
| 4 | **Network:** safelisted domains and enough bandwidth. | |
| 5 | **Adobe Express:** meet Adobe's browser requirements for the image editor. | |
| 6 | **Browser settings** for cache and pop-ups. | RECOMMENDED |

Items 1 through 5 are required. Item 6 is recommended.

## 01 OPERATING SYSTEMS

eDesign works on the two most recent versions of **Windows**, **macOS** and **ChromeOS**.

# 02 BROWSER

Use **Google Chrome**, one of its two most recent versions.

# 03 HARDWARE

These are the recommended minimums for each computer.

- **Memory:** 8 GB of RAM
- **Screen resolution:** 1200 × 800

# 04 NETWORK

eDesign, the Yearbook Order Center and related Varsity Yearbook tools need these network settings. Share this section with your school or district IT team.

### SAFELIST: EDESIGN AND VARSITY YEARBOOK TOOLS

- *.varsity.com
- *.hjedesign.com
- *.yearbook.help
- *.yearbookdiscoveries.com
- *.adobe.com
- *.typekit.net
- *.myvarsityyearbook.com
- *.yearbooks.biz
- *.yearbookshare.com
- *.mediacliphub.com
- *.adobe.io
- *.walkme.com

### SAFELIST: YEARBOOK ORDER CENTER (SHOPIFY STORE PAGES AND CHECKOUT)

- *.yearbookordercenter.com
- *.shopify.com
- *.shop.app

### BANDWIDTH

- **Minimum:** 5 Mbps up and down for basic use.
- **Recommended for large uploads:** at least 20 Mbps upload when uploading PSPI files or very large images.

**IMPORTANT**

Safelist every domain in both lists. The Yearbook Order Center store and checkout run on Shopify, so the Shopify domains matter even if eDesign itself loads.

## 05 ADOBE EXPRESS

Adobe Express is the image and graphics editor built into eDesign. Your browser must also meet Adobe's requirements for it.

Read Adobe's web technical requirements for Adobe Express

## 06 BROWSER SETTINGS

**RECOMMENDED**

These settings help eDesign load fresh content and open its windows.

- Empty temporary internet files when the browser is closed.
- Modify or disable the **Pop-up Blocker** for *.hjedesign.com.
